

PCAP/CABA Marketing Results

Project Design Support

Central Susquehanna Valley Throughway – to allow a contractor alternate design option for a spliced girder design
 Chester County – combination arch/prestressed girder solution

Bridge Marketing Results – Central Atlantic States

Direct Customer Contacts through Exhibits and Attendance

PA Concrete in Transportation Conference (Grantville)	January 31, 2007
VA Concrete Conference (Richmond)	March 6 – 7, 2007
MD Concrete Conference (Baltimore)	March 14, 2007
ASHE Annual Convention (Atlantic City)	May 20 – 24, 2007
International Bridge Conference (Pittsburgh)	Jun 3 – 6, 2007
AASHTO Bridge Committee (Wilmington)	July 8 – 12, 2007

Promotion/Advertising

PCI Aspire Bridge Magazine – Full page ad in the Winter, Spring, Summer, and Fall issues
 Prepared an outline for sustainability as it relates to bridges and transportation structures for use in future issues of the Aspire magazine

Changes in Specifications

Payment for stored materials
 Tolerances for perpendicular beam webs
 Self Consolidating Concrete specifications
 EMC DuraPozz Specifications
 Increase of maximum prestressing force for design from 3,000 to 4,000 kips

University Support and Education

ASHE Region 6 Seminar – Economic Prestressed Concrete Bridge Design class
 Penn State University – Retirement of Professor Alex Aswad
 Lehigh University – Research on concrete beam repair and repair instrumentation
 Sponsorship of professors and students to PCI Convention (Oct 19 – 24, 2007)
 January 14, 2008 Design Seminar (Carlisle, PA) preparations
 April 21, 2008 Design Seminar (Rutgers University, NJ) preparations
